

Town & Ranch Private Events

Originally a 1940s Ford tractor dealership, Town & Ranch has been transformed into an extraordinary, one-of-a-kind venue that captivates guests from the moment they arrive. This unique balance of contemporary design in a historic, industrial building creates the perfect setting to make meaningful connections, at a memorable and inspiring event.

Step into our eclectic cocktail lounge — a meticulously designed mid-century style lounge. The ambiance of the lounge is set by chic, modern lighting, brass wall sconces and a stunning chandelier that casts a soft, warm glow over the leather sofas and marble tables.

With no need to bring in additional décor or food, and the experience and care of our hospitality team, you and your guests will be able to enjoy an effortlessly elegant evening. Adjacent to the lounge is a carefully crafted retail experience featuring local artisan wine, beer, and spirits, along with items from the Los Poblanos body care collection and our award-winning gin, all made on-site.

Perfect for: cocktail parties, business mixers, networking events to team building workshops, holiday parties and more.
