WINES OF NEW MEXICO

Our home of New Mexico has a lengthy tradition of winemaking. In 1629, over 130 years before the first established California vineyards, Franciscan monks were planting grapevines in the Rio Grande River Valley. In the late 1800s, New Mexico was flourishing with grapevines and was on its way to becoming a successful wine region. However, in the late 1800s, devastating floods ravaged the area almost destroying all the vineyards. To make matters worse, in 1920 the industry as all but completely shut down with Prohibition. It wasn't until fifty years later, in 1970, that the industry began to revive itself. Today we are home to the three blossoming American Viticultural Areas of Mesilla Valley AVA, Mimbres Valley AVA and Middle Rio Grande Valley AVA.

LEBANON

Château Musar

One of the great producers of our time; we are proud to showcase a small collection of Château Musar wines here in New Mexico.

Started in 1930, at only twenty years old, Gaston Hochar founded Château Musar winery in Bekka Valley, Lebanon. He was inspired by the wines of Bordeaux and Lebanon's winemaking traditions that date back over six thousand years. After twenty years of defining his style and creating a substantial presence in the region, Gaston's son Serge Hochar showed interest in taking the reins. After studying Oenology in Bordeaux, he exclaimed to Gaston in the most endearing way possible, "I want to make wine my way, I want to be known world-wide - and I want you to quit!" In 1959, Serge became the winemaker for Château Musar.

Over the next eighteen years he defined the new era of Château Musar and created the style we know today. Serge was able to continue making wine through Lebanon's Civil War (1975-1990) and in 1984 was awarded "Man of the Year" by Decanter Magazine for his efforts.

The red vineyards of Château Musar are planted in the southern part of the Bekka Valley, less than twenty miles south of Beirut. The grapes used are Cabernet Sauvignon, Cinsault and Carignan. The white grapes are the indigenous Lebanese varietals of Obaideh and Merwah, grown in the slopes surrounding the valley. Château Musar only produces wine in the "non-interventionist" style, and was the first winery in Lebanon to implement organically certified viticulture in 2006. Château Musar red grapes are each fermented in separate cement vats, then aged for twelve months in mostly-used Nevers oak barriques. The red wines are then blended and bottled unfiltered at the end of the third year following the harvest. The bottle is then laid to rest for four more years and is only released in its seventh year. The white is no less special, and actually regarded by Serge as "more serious" than his reds. This is white wine that is built to age and only achieve true perfection after many years in the bottle. It is a great pleasure to offer a selection of recent and older vintages to our guests.
